ABOUT ME

You can provideMy name is Anesa Husić. I am 26 years old and I come from Teočak, where I finished primary and secondary school. I graduated from the Faculty of Economics (Finance, Banking and Insurance) in Tuzla. I did my internship at Tuzla International Airport, where I worked as an expert associate for public procurement. During my work, I also attended training for a public procurement officer (training organized by the company's management), where I successfully passed the exam for a public procurement officer from the Public Procurement Agency of Bosnia and Herzegovina. Through my work at the airport, I gained a lot of experience, because after all, it was about purchases that are crucial for the development and continuation of business that is important for TK and the whole of BIH. In addition to tasks related to procurement, I also did many other tasks that were required of me. I also worked in the personnel department, the accounting department and the finance department. I am extremely responsible, up-to-date and a person who learns new things every day in order to make our future as promising and better as possible. I know German and English as well as working on a computer (I have an ECDL certificate). I attended seminars related to leadership and communication, verbal and non-verbal messages, and seminars related to public relations. I currently work at the University of FINRA as a student services officer and assistant.
