Submission of works: until **30.8.2024.**

Review of papers: until **10.9.2024.**

Typesetting and preparation for printing: until **20.9.2024.**

Symposium: **26.- 28.9. 2024.**

Deadline for submission of works: 31.08.2024.

Papers are submitted via e-mail: finconsult@bih.net.ba; simpozij@finconsult.ba

PROPOSALS FOR PAPERS CREATING

Authors should adhere to the following propositions in accordance with the requirements of EBSCO Publishing:

1. The volume of papers (including summary, list of literature, notes and places for graphic attachments) can amount to a maximum of one author's sheet (up to 16 typed pages of A4 format).
2. The first and last name of the author should be written in the upper left corner of the first page (font: Times New Roman, font size: 13, Bold). Double-spaced below, in the middle of the page, the title of the paper is indicated in capital letters in our and English languages (font: Times New Roman, font size: 13, Bold), and below the title follows a summary in our and English languages (Italic), keywords of the work also in our and English language, as well as other text of the work (font: Times New Roman, font size: 12). Do not number the introduction and conclusion. Type the text without spacing, make a space between paragraphs and do not indent the first line of the paragraph. In a footnote on the same page, the name and address of the institution where the author is employed, as well as the e-mail address (font: Times New Roman, font size: 10) are stated.
3. Tables and graphic representations are entered in the intended place in the paper, and images must be expressed in black and white.
4. References of quoted parts of the text are given in the text, not in the notes. References are placed in brackets and contain the author's last name, the year of publication and, in the case of citations, the page, for example: (Babić, 2021) or (Babić, 2021, 129).
5. Footnotes are marked with Arabic numerals in the text and are positioned on the same page at the bottom of the text.
6. In the list of literature, all used sources are listed, in alphabetical order according to the surnames of the authors and in chronological order for the works of the same author. If the sources of the same author with the same year of publication are used, they should be distinguished in parentheses after the year of publication. If there are several authors of a joint work, the surnames with the first letter of the first name are listed here in alphabetical order. Use the following examples:

For books:

Vukonić, B., (2021.), Book title, publisher.

For magazines:

Novković, S., (2020), Transition from self-management to employee ownership in Croatia: A Survey, *Ekonomika istraživanja*, 12 (1-2):57-68. (12 indicates the volume/year/ of the journal, (1) the volume number within the year, and 57-68 the pagination of the work in the text).

Key words of the paper:

List up to eight words in our language and in English. The summary of the work should contain up to 100 words (up to half a page of typed text in A4 format). The summary states the purpose and goals of the work, methods, structure of the work, basic results and a conclusion on the possible application of the results. Each paper must have an abstract in one of our languages and in English.

FEES FOR THE SYMPOSIUM

The organizer of the 12th International Symposium did not foresee the payment of the registration fee by the authors and co-authors of the papers.
